You will delight your customers with Ebnat.

We are setting the latest trends in the household market thanks to our high-quality, up-to-date products. They are simple and practical to use, as well as being easy to store.

everything Ebnat makes boasts Swiss quality.

With its slogan, «The clean way of life», Ebnat Switzerland stands for typical, down-to-earth, Swiss quality. Consequently, we support our region and manufacture every aspect of this range in our own premises. ISO 9001 and 14001 are our guarantee of this fact.

Ebnat
SWITZERLAND

novel and user-friendly

Typical Ebnat – simply first class!

Classic Clean. This new household line has a timeless, classical design. However, its appearance puts it head and shoulders above other ranges and sets new standards.

Innovation starts with a search for alternatives. You don't have to reinvent the wheel, just make it better and faster. We have achieved this perfectly with our **Classic Clean** line, so we are also applying for a patent for our idea. This is because it will give our customers more pleasure, more benefits and more time.

The combination of materials is simply ingenious. Genuine horsehair combined with flexible plastic strips. Steady on the inside, but also sturdy yet manoeuvrable on the ends. It makes cleaning work easier and speeds it up. And that's exactly what people want.

refined and efficient

effective furniture protection thanks to a soft plastic body

plastic strips remove dirt from all gaps, corners and cracks

coarse dirt and pieces of broken glass are quickly swept up

innovative and clean

scraper edge for stubborn dirt

innovative brush shape for a better cleaning performance

water wiper and cloth holder
